assess our value of this property, we have had the services  
of a professional valuation firm to advise us.

Our valuation, based upon long term trends in our  
industry, indicates that the value of our property  
is approximately \$1,000,000.

What would you like to do with our property?  
Would you like to sell it or lease it?

For example, we could lease it to a company that  
uses it for its headquarters, office space, etc.

We could also sell it to another company that

This figure displays a grayscale image of a single seed or grain. The seed has a dark, textured surface with prominent longitudinal ridges and grooves. It is surrounded by a lighter, textured area, likely representing the seed coat or a surrounding material. The overall appearance is that of a high-magnification micrograph of a botanical specimen.
